

Changes made to phase 1 submission:

1. According to the feedback, Childcare is changed to a strong entity, and 1:N relation with Store, both sides don't require mandatory participation.
2. According to the feedback, PKs are added to Sale, Discount, and they become strong entities.
3. Instead of year, month and day, Date entity only has one attribute called date, which is the primary key
4. According to the feedback, PK is added to City and Adcampaign.

**Phase 2| Updated EER | CS 6400 -Spring 2021| Team 050**
